

The background is a vibrant red and orange gradient with sparkling light effects. In the top left, there's a golden hot air balloon basket. In the top right, a photograph shows the entrance to Al-Ameen Public School, featuring a large archway with the school's name and a paved area with cars and people. The bottom of the image is decorated with a row of yellow sunflowers.

QUALITY AIR FOR TOMORROW

Smart Air Monitoring & Purification System

HOW IT WORKS

1. MQ135 reads air quality levels.
2. DHT22 measures temperature and humidity.
3. Data is shown on the LCD and sent to Blynk App.
4. RGB LED shows air status: Green (Good), Yellow (Moderate), Red (Poor).
5. Fan turns ON automatically if air is poor.
6. Manual control via Blynk App for fan operation.
7. Buzzer alerts if air quality drops.

MOBILE APP FEATURES (BLYNK)

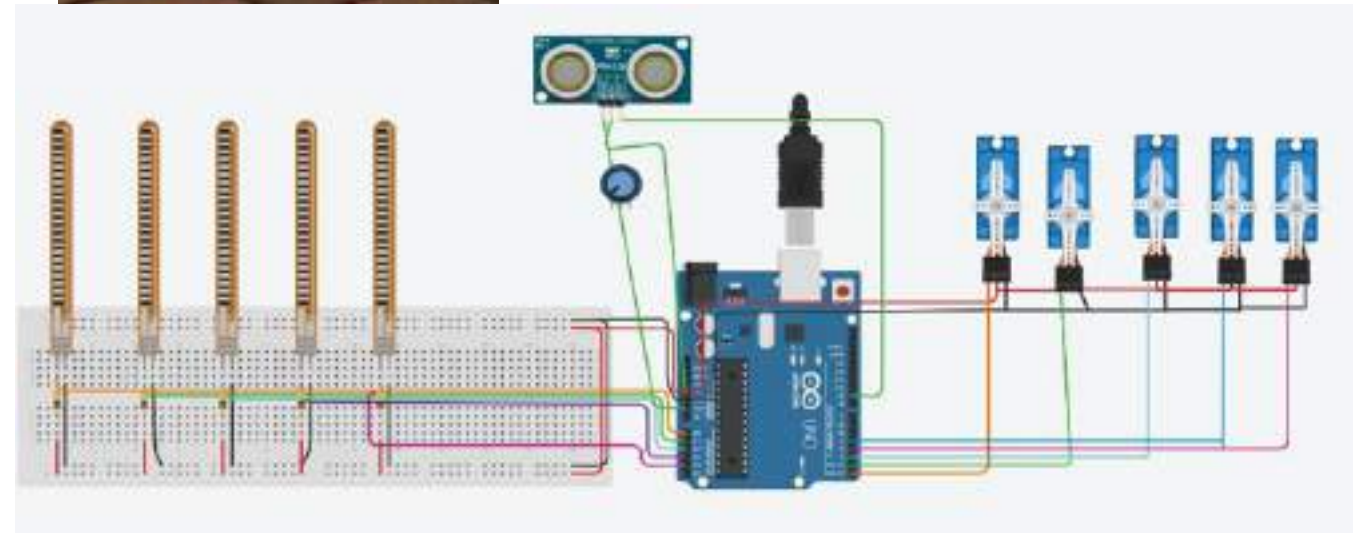

- REAL-TIME AIR QUALITY
- TEMPERATURE & HUMIDITY
- FAN CONTROL SWITCH
- FAN STATUS DISPLAY

SUGAR BOARD

Kerala has a high prevalence of diabetes, often referred to as the "diabetes capital" of India. The state's prevalence is significantly higher than the national average, with estimates ranging from 20% to 25.5%. A large portion of the population is also pre-diabetic, indicating a high risk of future diabetes cases.

Research has shown that consuming 340ml of sugary drink a day (which equates to less than one can) increases your risk of type 2 diabetes by 22% when compared to drinking one can a month or less.¹

How much sugar is in ...?

Drink	Serving size	Sugar per serve (g)	Sugar per serve (tsp)	Sugar per 100mL (g)	Sugar per 100mL (tsp)
Soft drinks					
Solo	375mL	43.1	10.8	11.5	2.9
Coca Cola	375mL	39.8	9.9	10.6	2.7
Pepsi Original	375mL	40.9	10.2	10.9	2.7
Sprite	375mL	25.9	6.5	6.9	1.7
Bundaberg: Ginger Beer	375mL	40.5	10.1	10.8	2.7
Mountain Dew	375mL	46.1	11.5	12.3	3.1

STRUCTURED ASSESSMENT FOR ANALYZING LEARNING

CBSE
launches

**Structured Assessment
For Analyzing Learning**

Structured Assessment for Analyzing Learning Levels - संरचित शिक्षा मूल्यांकन स्तर

Process of Conducting SAFAL

- Schools can conduct the assessment for their students in Grades 5 and 8 and upload assessment data
- For Grade 3, the assessment may be implemented in a sample set of schools with one to one administration of questions
- To provide accurate diagnostic information, the assessment will test competencies up to two grades below the testing level to ensure the data does not have floor effects
- Report cards generated from the assessment pilot will report schools' performance on core competencies, for development of learning outcomes and core competencies
